

**ORANGE COUNTY WATER DISTRICT
DIRECTOR, DIVISION 3**

NORMAN Z. ECKENRODE

AGE: 66

OCCUPATION: Vice-Chair Water Recycle

It has been an honor to serve the last eight years as Vice-Chair of the Orange County Groundwater Replenishment Committee. This visionary water purification project will produce enough pure drinking water for 140,000 Orange County families. Being elected to the OCWD board will provide me the opportunity to further serve and support this and future water programs.

The past five years I have been involved in the National Water Research Institute (NWRI)- an agency committed to making water safer. I served as Chair for both NWRI, and the Orange County Sanitation District. As this is a non-partisan race, I have been endorsed by many political leaders including:

Congressman Gary Miller;
Assemblywoman Lynn Daucher;
Assemblyman Tom Harmon;
Supervisor Jim Silva;
Supervisor Chris Norby;
Councilman Mike Duvall, Yorba Linda;
Mayor Judy Dickenson, Placentia;
Councilman Scott Brady, Placentia;
Mayor Pro Tem Chris Lowe, Placentia;
Mayor Miguel Pulido, Santa Ana;
Mayor Bruce Broadwater, Garden Grove;
Councilman Van Tran, Garden Grove;
Councilwoman Patsy Marshall, Buena Park.

The challenge of delivering additional water with safety and reliability is immense. Having clean, safe, and abundant water is my goal. With my six wonderful grandchildren in mind, I want to work hard now to ensure a plentiful water supply for future generations.
